

TEESING

TEESING IS YOUR SUPPLIER, FOR HIGH-PRESSURE (SUBSEA) FLANGE CONNECTORS FROM DESTEC!

WHY DESTEC FLANGE CONNECTORS

Especially for the OEM market Teesing offers Destec flange connectors, The "G-range and compact flange Desflex" provide many benefits compared to the standard ANSI flanges:

- Weight saving up to 80%
- Cost saving:
 - Lighter construction
 - Less material used
 - Quick connection / release
- Exotic materials
 - Available in, besides carbon steel and stainless steel:
A350 - LF2, A193 - B7, A182 - F316, A182 - F304
 - and also in Super Duplex and other materials
- Special connections
 - Reducing Hubs
 - Elbows
 - Tee's
 - Orifice connections
- No "Pipe stress" on flange connections

ALREADY APPLIED SUCCESSFULLY AT:

Shell, BP, NAM, Statoil, DSM and many others.
